Answer **Four** questions. Question 1 is compulsory

1. Discuss how a Community health practitioner can use the Health Belief model to control irresponsible sexual behavior among youth in a community (25 Marks).
2. ‘Culture has a large bearing on the health of a community’. Using relevant examples, discuss the truth of this statement (25 Marks).
3. A new and useful contraceptive is to be introduced in the community. As a Community health professional, you are tasked to ensure that this new product is adopted by community members. Using the Carl Rodgers theory of Diffusion of innovation, discuss the procedure you would use to accomplish this task (25 Marks).
4. Discuss the use of communication strategies to inform and influence decisions to adopt health behavior (25 Marks).

5. Discuss the significance of empowerment in Health promotion (25 Marks).
6. Using relevant examples, discuss the use of Policy to improve the health of people in communities in Kenya (25 Marks).
